

Welcome to  
Patagonia Forum 2016  
Astronomy Workshop  
(Workshop 01)!!

# Scope of the Workshop

- ▶ There are various Japanese projects in Chile (ALMA, ASTE, NANTEN2, TAO, ...)
- ▶ Many Japanese astronomers use facilities in Chile (ALMA, VLT, Gemini, CTIO, Magellan, ASTE, NANTEN2 ...)
- ▶ However, Japanese community little know about Chilean community, and vice versa.
- ▶ Purpose of the workshop is to develop understanding each other, create and strengthen personal relations, and promote collaborative works.
